WORK EXPERIENCE

Ron Shipmon LLC

Web Developer

Feb. 2023 – Present

New York, NY

- Improved the company website's aesthetic and function hosted on Wix, through code injection and built-in features
- Improved visitor traffic to the website through email campaigns and consideration to search analytics
- Fixed existing aesthetic and functional website issues for better user experience and website optimization

Cyber Nation Central

Web Developer Intern

Feb. 2023 – Apr. 2023

New York, NY

- Sourced from Ron Shipmon LLC to their business partner to restructure their website
- Built out several website prototypes/mock-ups on Figma to help client decide on the restructure
- Imported and revised the previous website's code and web content onto the new one via JavaScript, HTML5 and CSS

POWAN Initiative

Web Developer Volunteer

Apr. 2022 – June 2022

CA

- Optimized website loading through caching and media compression
- Restructured website UI/UX in a month for an updated look and feel
- Revised and edited existing website content for a stark increase in visitor traffic

EDUCATION

CUNY Hunter College

BS, Computer Science

Aug. 2018 – Sep. 2022

New York, NY

SKILLS

- **JavaScript**
- **React**
- **Node.js**
- **HTML5**
- **CSS**
- **Vue**
- **Git**
- **Figma**

PROJECTS

GameGate

- <https://gamegate.netlify.app/>
- 4-person team full-stack project. A social, game data website for users to track, rate, review games, and follow other users
- Lead the front-end development team. Used JavaScript, React and Node.js to build out the UI/UX and user logic.

- Implemented a system to work with a RESTful API for site's database for real time updates and data migration across 2 AWS services
- Hosted the front-end on Netlify for end-to-end SSL encryption and the back-end database using Heroku for continuous GitHub branch deployment

Anime/Manga Data Application

- **<https://hollyskim.github.io/Animanga-Data-Site/>**
- Used the Jikan REST API to create an application allowing users to find information about an anime, manga, character or staff member, using JavaScript and React.
